### **airconomy® von SCHÜTZ – the references.**

airconomy® by SCHÜTZ is the HVAC used across Europe in a range of architecturally different buildings. Despite the different stylistic characteristics, they all have one thing in common:

**airconomy® – Heating – Venting – Cooling (optional) in one system.**

The selected references convey that appealing architecture and sophisticated HVAC are important factors for a balanced indoor climate that positively influence our feeling of wellbeing, our enjoyment of life and thus our health.

### **airconomy® provides the optimum feel-good factor for:**

- Single and multi family houses
- Conservatories
- Schools and kindergartens
- Office and administrative buildings
- Exhibition and assembly rooms
