INTERPACK 2023

Visit SCHÜTZ at the world's biggest packaging trade fair

At last, it's time for interpack again. After a six-year break, the flagship trade fair for the packaging industry opens its doors in Düsseldorf next Thursday. We warmly invite you to experience our packaging innovations live and enjoy the inspirational atmosphere at the show from 4 – 10 May.

Under the motto "Containing everything that matters" and using state-of-the-art technology at our eye-catching stand, we will be highlighting the current requirements and tasks for packaging in the supply chain, and presenting a wide range of product innovations and numerous world premieres that take our holistic approach to a sustainable circular economy to the next level.

Visit us at our booth D22 | E34 in hall 10 and find out about our latest product and service solutions in IBCs, plastic and steel drums, and jerrycans.

The entire SCHÜTZ team looks forward to seeing you at interpack 2023!
